EARLINGTON

RESCUE STATION

Thos. O. Long, Assistant Mine Inspector Expecting Shipment of Apparatus.

PROVISIONS MADE BY INSPECTOR NORWOOD FOR PROTECTION.

Quick Work of Rescue Will be Done in Case of Accident in Western Kentucky.

Earlington is to be practically a Rescue Station, after all, though not established by act of Congress.

Thos. O. Long, Assistant Mine Inspector will have in a few days the oxygen helmets and all necessary apparatus for carrying on the work of rescue in coal mines in case of explosion or other accident, endangering lives of miners in the Western Kentucky coal field. Mr. Long has advice from Mr. C. J. Norwood, Chief Inspector of Mines for Kentucky, that shipment has been made of part of this rescue outfit, from Pittsburgh, and that the complete equipment will be furnished as quickly as possible. Most of this apparatus has had to be imported and shipment has been slower on this account. But Mr. Long will receive in a few days two Dräger Oxygen Helmets and cylinders of oxygen. An expert representative will visit Earlington when the total shipment has been received, and will open and install the Rescue Station to be under the control of Mr. Long, and will, in all probability, give a demonstration of the proper use of the apparatus while here. The outfits are of the latest and most approved models and have been adopted by the Mining Bureau of the national government.

In addition to the equipment here, two of these helmets will be placed at Central City and others at Lexington, and there will be available on short notice eight of the outfits for use in any emergency in Western Kentucky. Each assistant inspector is to be provided with two complete outfits. The shipment to Earlington was made on Sept. 14 from Pittsburgh and is expected to arrive here on any train. Besides this, Evansville was recently designated as a central rescue station which may be drawn upon by Kentucky, Indiana and Illinois, so that the Government is looking well to the protection of the coal miners in the great coal fields of this central country. Mr. Long may be depended upon to be a minute man in the use of this apparatus in any emergency, with the quick cooperation of Chief Inspector Norwood and the entire strength of the Kentucky Bureau of Mines.

CIRCUIT COURT BEGAN MONDAY

Only One Murder Case Set for Trial for This Term.

The regular September term of the Hopkins circuit court convened Monday morning at 9 o'clock with Judge J. F. Gordon presiding. The session will be a busy one for all dockets are crowded.

There are 64 cases on the commonwealth, 38 on the common law, 69 on the common law appearance and 66 on the appearance equity dockets. Judge Gordon, attorneys and litigants will have a great deal of work to do.

Only one murder case has been set for trial, this being the case of the commonwealth vs. Richard McNary.

The grand jury will be empaneled Monday and Judge Gordon will then deliver his charge. The petit jury will be empaneled Tuesday.

MANY WILL SEE CIRCUS

Hundreds From This City and Surrounding Country to Visit Ringling Shows.

Ringling Brothers' Circus is the magnet that will attract hundreds of visitors from this city and the surrounding country to Hopkinsville on Saturday Oct. 1. The railroads are offering special inducements in the way of cheap rates.

The program the Ringlings are offering this year is less than wonderful. It is given by 875 artists. Over 200 of them are Europeans, making their first tour of America. There are no less than 100 big acts. Novelty will be presented by the telephoning elephants; the wonderful Schman horses; the Lorch Saxons trio of strong men; the dithy, the Spanish wire dancer; the Manolo Maritz family of upside-down bell ringers; the Alexis family of acrobats; the Dutton company of equestrians; the aerial Klarkouians; and the fifty funniest clowns in the world.

The forenoon parade is far the best street spectacle the Ringling Brothers have ever devised. It was built in the foreign workshops of the show near Liverpool last winter at the cost of more than \$1,000,000. It was made from designs executed by the best artists of Italy and France. In it will be seen 1,280 people from all parts of the world, 650 horses and more than half the elephants in America. It leaves the show grounds at 11 o'clock in the forenoon.

NEW SHOES CAUSE DEATH

Eugene Lightfoot, colored employee of the Catalago construction camp, working at Mortons Gap, met with a peculiar accident this morning which caused his death. While working with several other laborers laying railroad ties the fatal accident occurred.

He had recently purchased a new pair of shoes which it is said caused his death. He and several other men were packing a heavy tie, when his foot slipped on a rail as the result of a slippery bottom and he fell, receiving the full force of the tie on his neck. His neck was broken and skull fractured.

The negro was a good worker and was one of the most trusted employees of the construction crew.

Coroner J. M. Stevens, of Madisonville, held an inquest over his dead body this morning and the jury decided that his death was the result of an accident.

Good Vaudeville Here.

One of the best vaudeville troupes seen at the Electric theatre this season was here Thursday, Friday and Saturday night. The Kreeker children are cute little German comedians and delight the audience with their dialect songs and dialogues. Johnnie Lowry is there with the goods when it comes to singing and as a dance artist Billy Kersands takes the remainder of calico from the shrubbery. These people give a show that is well worth the price.

Electric Line From Hopkinsville to Guthrie.

That Electric railroad from Hopkinsville to Guthrie, which was talked considerably several months ago, and which many supposed had died and has been almost forgotten, is very much alive and promises to materialize.

MRS. MATTIE WOOTON DEAD.

Was Mother of Mrs. Ott Power, of This City.

Mrs. Mattie Wooton, wife of Lum Wooton, a well known contractor, of Madisonville, died at her home on Hall street Saturday morning at 2 o'clock. She had been confined to her bed since spring with a complication of diseases, but it was thought that death was caused by heart failure. She was 53 years of age.

Mrs. Wooton was born in the Mt. Zion country, in this county, and has spent practically all of her life in Madisonville. She was a member of the Baptist church and a good Christian woman.

She has two living brothers, Ben Robertson, of Evansville, Ind., and John Robertson, and one sister, Mrs. Henry Wilson, of Earlington. She leaves her husband and two daughters, Mrs. Ott Powers, of Earlington, and Mrs. Ed Winstead, of Mt. Vernon, Ind.

The death of his wife came as a great shock to Mr. Wooton and two physicians were with him Friday night.

The funeral took place at the residence on Hall street Sunday afternoon at 4 o'clock. The funeral services will be conducted by Rev. J. A. Kirtley. Interment took place at the Odd Fellows' cemetery.

Whole Family Have Typhoid Fever.

Dr. C. M. Smith, of this place, is passing through a siege of typhoid fever in his family. Roy, his second son, who holds a position with the L. & N. at Earlington, came home several weeks ago, ill, and it soon developed that he had typhoid. Miss Ruth, the only daughter, was the next to take the dreadful malady. She has passed through a severe attack and is now on the way to recovery. The last one in the family to take the fever was Frank, next to the youngest son.—Dixton Journal.

Shooting Occurs Near Pool Room.

During a quarrel Saturday morning in the restaurant in the rear of Hudson's pool room, on West Center street, Madisonville, Ben Ramsey, who is employed at the pool room, shot once at Fred Epley, but missed him. He shot at Epley's feet according to reports.

Ramsey was placed under arrest by Patrolman Wilson and his trial will occur this afternoon at 3 o'clock in police court.

PEMBROKE VS. MADISONVILLE

Scores 3 to 0 in Favor of Madisonville in Hotly Contested Game.

The Pembroke and Madisonville foot ball teams met in a hotly contested game on the grounds at Madisonville Saturday, and Madisonville won by a score of 3 to 0. Both teams played a good fast game. Spillman played with his old time form and kept up his reputation as one of the best players in the team.

What The Saloons Did to Dawson.

Votins whiskey out of Dawson has worked a wonderful change for the better in an incredibly short length of time. Last year with the saloons in full blast, Dawson had 65,000 visitors, this year with no saloons the number of visitors will reach 135,000. The banks have all increased their deposits, more new houses are being built. And last but not least more old accounts have been collected this year than ever before. The good people of Dawson says "no more saloons for the n."

WOODMEN HAVE BIG SESSION

Will Go to Louisville on Oct. 23 to Attend Big Class Initiation.

Col. J. H. Brewer, of Louisville, state manager of the Woodman of the World, and a number of visiting sovereigns from Earlington and neighboring camps, were in attendance at the regular meeting of the Madisonville camp Friday night. Three candidates were initiated, two from Earlington and one from Madisonville. After the regular business session Col. Brewer made a short address in the interest of the 4,000 class initiation in Louisville on October 23.

Originally the class initiation to be held in Louisville was to have been 5,000, but since nearly 4,500 applications have already been received, it was decided to raise the mark to 6,000.

Portly special trains throughout the state with exceedingly low rates have been arranged for to carry the immense crowds to Louisville. It is probable that Madisonville and Earlington will have a special train, with a round trip rate of \$2. The train will leave Saturday night, October 22, and will return Monday morning. The train is not limited to Woodmen.

No More Hazing in Kentucky.

Although it is expected that the chair may not be used for months, the work of installing the death chair at the Eddyville Penitentiary is going on steadily, the prison commission taking no chances of being caught napping. The chair will be ready in a few weeks, and any condemned man who is to die in the chair will be put to death at Eddyville in what is considered the most approved manner. The electrocution law became effective on June 14.

Howard Withdraws.

Capt. Nat Howard, the Republican candidate for Congress from the 8th District, has withdrawn from the race on account of bad health. He has been sick for several days at his home in Morganfield, threatened with typhoid fever.

MRS. CAL. WALKER DEAD

Beloved Madisonville Woman Goes to Her Long Home.

Mrs. Cal. Walker, a well known and popular lady of Madisonville, died at her home in that city about eight o'clock Friday morning. Mrs. Walker had been ill with lung trouble for several months and the end was not unexpected. She leaves a husband and three children, Mary Louise, Edward and Henry Baile, one sister, Mrs. A. R. Jones, and a brother, Mr. C. H. Murphy. Mrs. Walker was a good Christian woman, a life long member of the Methodist church and all who knew her were her friends.

Funeral services were held at the church Sunday afternoon at 2 o'clock by Rev. A. D. Litchfield her pastor and all that was mortal of this loving wife, fond mother and affectionate friend was laid to rest amid a profusion of flowers and in the presence of a large number of friends in the Odd Fellows' cemetery and her spirit has winged its way up through the ether blue to join the ranks of God's saints, who dwell in the Eternal City.

Will Pay Fifty Cents on the Dollar.

An inventory of the stock and real estate held by R. L. Parish, who recently filed a petition in bankruptcy, shows the assets of the firm to be about \$8,000 and their liabilities something like \$13,000.

The Madisonville Savings Bank is the largest creditor. The principal creditors are: Madisonville Savings Bank, \$3,358; Hopkins County Bank, \$1,750; Farmers National Bank, \$550; Home Improvement Company, \$1,450, and D. C. James, \$1,500.

It is estimated that the firm will pay fifty cents on the dollar.

A man never realizes the superiority of woman so much as when he is sewing on a button without a thimble, pushing the needle against the wall to get it half way through the other half by hugging on to it with the teeth.

For Sale.

One four room house on Railroad Street, Earlington, plenty of water and good level lot, will sell cheap. Mrs. R. L. ASHBY, Madisonville, Ky. Phone, 325.

The farmer who owns a farm is the particular person who is fixed. Banks may fail and factories close, workmen strike and

mines suspend, merchants fail and towns burn, times may be panicky and even crops may be short—but the farmer who owns his acres will get along. He will live in comfort and quiet, with plenty to eat, drink and wear. He is the most independent man on earth. Yet there

are lots of them who do not appreciate their situation.

You believed that "dead stock" to be salable when you brought it. Probably it was—and is. Concentrate a little advertising on it—and, in a week, forget that it ever worried you.

THERE IS A REASON

Why it pays to advertise in the SEMI-WEEKLY BEE:

It reaches a large number of wage earners who take no other paper.

It has an almost exclusive circulation in a community where \$50,000.00 in money is paid out each month.

It is read by hundreds of people who buy what they want and who have money to pay for what they buy.

The only way to get your advertisement before the people of Earlington, Morton Gap, St. Charles and immediate vicinity is through the medium of the Earlington Bee. A hint to the wise is sufficient.

Society Happenings

An enjoyable dance was given by the young society people, of this place, in Webb's hall Friday night. The music was good and there were quite a number present.

Little Margaret Rogers entertained her friends with a birthday party at her home on Saturday afternoon from two to four o'clock. She was very nicely remembered with tokens of love from one and all. At the very last moment the games were broken into and they were carried into the dining room, which was beautifully decorated, where a very tempting ice course was served to the little ones. Those present were Little Misses Sarah Beth Mothershead, Elmo Arnold, May and Edith Price, Elizabeth Raul, Ernestine and Mary Louie Renfro, Joe Nell Tatum, Edith Owen Sisk, Helen Browning and Masters Lawrence Daves, Dillman Raab, Hal Dudley, Curtis Rule, James Coyle Lawrence Lyons. All present had a nice time and enjoyed themselves greatly.

Pull Together,

Pull together brethren. We are all here for the same purpose. Then live and let live. The best way to build up a town is for each and every man to pull together and not strive to rend and tear down. All residents of a town are partners, not opponents. In all likelihood the more business done by your rival the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united effort, the better it will be for all.

Vinol

Will Build You Up and Make You Strong

Old people, tired, weak, run down people, delicate children, frail mothers, and those recovering from severe illness, this is a fact.

Thousands of genuine testimonials from reliable people prove this claim, and to further support the fact and prove our faith in what we say, we unhesitatingly declare that any one who will try a bottle of VINOL will have their money returned without question if they are not satisfied that it did them good.

HE MADE A SPEED RECORD

Irishman Who Slept in Haunted House Traveled With Greatest Velocity Ever Recorded.

Walker Hines, railroad authority and expert on rapid transportation, tells a story of an Irishman who traveled with the greatest speed ever recorded. The Irishman was down on his luck and needed a lodging place. After asking the loan of a bed in several houses in a small Western town, he encountered a preacher who told him:

"There's an unoccupied house down the road a little way. You might sleep there. But I am going to warn you that the house is haunted."

"No matter," replied the Irishman, "I'm not afraid of ghosts." Soon after dark the preacher dropped in to see the Irishman and found him in the haunted house and a trifle nervous. Three days later he saw coming down the road the weary and dusty figure of the former tenant of the ghost-ridden house.

"Why, where have you been?" he inquired kindly. What have you been doing during the three days since you went into that house?"

"All that time," replied the Irishman, "I've been coming back."—Popular Magazine.

Don't Mortgage Your Farm.

An exchange gives an incident that illustrates the impossibility of telling where the trouble resulting from a mortgage will end. A man mortgaged his farm to buy his wife a pair of ear rings. The wife took in washing to pay the interest on the mortgage, and the first day lost one of the diamonds in the suds, and tried to hang herself in the barn, but the rope broke and she fell on a \$150 Jersey cow, breaking its back.

Not Coughing today?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. He knows. No alcohol in this cough medicine. J. C. Ayer & Co., Lowell, Mass.

Robust health is a great safeguard against attacks of throat and lung troubles, but consumption will destroy the best of health. Ask your doctor about Ayer's Pills.

Preachers' Sons.

A preacher's son was arrested in an Eastern city the other day. He had transgressed the laws of the State, and probably will be severely punished by his fellowmen.

Much notoriety was given the case, although the crime was a most ordinary one. Other men have stolen far larger sums of money, and many other men have stood in the shadow of more severe punishment than awaits this preacher's son.

Other men can commit crimes, and there is no special reference made to their fathers' occupation, but let a preacher's son make a mistake, and the gossipers are set going at once.

"What can you expect from a preacher's son?" is so easily asked by those who seem to expect preachers and their children to be immaculate specimens of human beings.

It must not be forgotten that while your minister is doing a thousand and one things for the spiritual and material comfort of the members of his congregation on a salary that most bricklayers would despise his children must necessarily be neglected to that extent, and they have each the same temptations to struggle against that your boy and girl face.

The next time it occurs to you that preachers' children "are no better than they should be," read over this list of preachers' sons:

Oliver Wendell Holmes, author.
Edward Everett Hale, statesman and auditor.

John Hancock, first signer of the Declaration of Independence.

Jonathan Edwards, theologian.
Increase Mathers, former President of Harvard.

Cotton Mather, author and scholar.

George Bancroft, statesman and historian.

Louis Agassiz, naturalist.
Henry Clay, statesman and orator.

Ralph Waldo Emerson, essayist and poet.

David Dudley Field, jurist.
Stephen J. Field, Justice United States Supreme Court.

Cyrus W. Field, founder of the Atlantic Cable Company.

John B. Gordon, soldier and statesman.

Henry Ward Beecher, preacher and reformer.

Samuel F. B. Morse, artist and inventor.

James Russell Lowell, author and diplomat.

Francis Parkman, historian.
Grover Cleveland, twice President of the United States.

David J. Brewer, former Justice of the United States Supreme Court.

Jonathan P. Dolliver, Senator.
Henry James, novelist.

Richard Watson Gilder, editor and poet.

Lyman Abbot, preacher and editor.

These are others too numerous to enumerate, enough to prove that were all ministers' sons there would be a much higher average.—Louisville Herald.

A Good Position.

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway Telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$80 per month, with good chance of advancement. The National Telegraph Institute operates six official Institutes in America, under supervision of R. B. and Wireless Officials and places all graduates into position. It will pay you to write them for full details at Cincinnati, O., or Philadelphia, Pa.

Earlington Has Good School.

Of course you are contemplating going to school this fall you are thinking and planning for it now, and that is right. It is none too soon to begin to make arrangements and to cast about for a desirable place. We gladly refer you to our school. No town in the state has a higher moral tone and fewer objectionable features. Our school offers unusual facilities for a proper culture of the mind at a very moderate expense, and you are very cordially invited to investigate before deciding to go anywhere.

Bank Charter Refused.

Frankfort, Ky., Sept. 22.—Ben L. Bruner, secretary of state, has refused to grant a charter to a Bank at Lyons Grove, stating that he does not know of a town in the State where there is need of a Bank. Bruner is quoted as saying that he thinks there are plenty of Banks in the state at the present time. The action of secretary of state Bruner is a slap at the professional bank owners.

Hotel Keeper Dead.

Morganfield, Ky., Sept. 28.—Henry Parsons, one of the oldest hotel keepers in this section died suddenly at his home, of a congestive chill yesterday. He leaves one son, Stirling Parsons and two daughters, Mrs. J. E. Lilly and Mrs. Chas. Bowen.

BEE ADS PAY. GET THE HABIT

We Preach the Doctrine of PROTECTION

IN LIFE INSURANCE—not investment --not savings, not profits, all good in their way, but subordinate, minor, relatively unimportant in comparison with the one big, important, essential feature of life insurance for the benefit of women and little children who need it and need its benefits most when their breadwinner no longer stands guardian over them. Let us call the policy of protection, the substitute breadwinner, the volunteer who steps into the breach when the regular has passed on his way. Call it what you will but above all don't neglect to get it, NOW! TODAY! while you may, it may already be too late for you to get the benefits. Strange, but the average man thinks it the easiest thing in the world to get life insurance and then is staggered oftentimes to find that he has waited just one day too long. Suppose you try. See the Equitable Life Assurance Society man today.

First: Let him find out if you are eligible.

Second: Then let him tell you how little it will cost to put around your family his armor against the rapid firing guns of hunger and cold and want, and the other shells which destroy unprotected families. It will be very much worth your while, but thinking about it won't do you or your family any good. Action is the word which brings relief.
